

**COURT OF CRIMINAL APPEALS OF TEXAS
JUDICIAL AND COURT PERSONNEL TRAINING PROGRAM**

APPLICATION FOR GRANT FUNDING

**FY 2019
INSTRUCTIONS**

I. General Instructions

The grant application forms were created by the Judicial Education Section of the Court of Criminal Appeals to meet its needs for the review and approval of grant applications. Formats, where provided, have been standardized and must be adhered to at all times. The instructions provided here are intended to guide you through the steps of preparation. Use only the files and forms provided by the Court for the FY 2019 application. Make sure the grantee name and grant year appears at the top of each page. Enter information only in the white portions of the grant application. Some sheets may require additional rows, in which case grantees may add any number of rows needed in order to accurately complete the information. Also, grantees are responsible for entering mathematical formulas as needed in the white portions of the application and ensuring the integrity of the calculations. Please leave the original formatting intact as much as possible, including borders and headings.

The grant application process is a draft and revision process. It may take several submissions before a version is acceptable for review and approval by the Court. When your application is ready for submission, you should send the completed application and all related documentation to the Judicial Education Office at JudicialEducation@txcourts.gov.

Applications for FY 2019 grant funding are due **July 2, 2018**, unless otherwise instructed by the Court.

II. Proposed Budget

A. Sheet by Sheet Instructions

- 1. Application for Grant Funding Form** – Application for Grant Funding form for the base amount of funding requested for the fiscal year.
- 2. Combined Application for Grant Funding Form** – Combined Application for Grant Funding form which includes the base amount of funding for the fiscal year plus the following estimates: program income,

and unexpended program income and unexpended grant funds to be carried over into the fiscal year. This submission will be your total estimated funding for the fiscal year requested. Note: This submission does not apply to new applicants.

3. **Schedule of Planned Courses** – Enter all events, including course descriptions planned for the fiscal year in date order. There should be one training event per row except when additional rows need to be added to accommodate the different participant types to be trained at the event. All events must show dates and locations, no TBD (*to be determined*) may be entered.
4. **Budget Recap** – Enter nothing. .
5. **Forecasted Cash Needs** – Enter the estimated amounts of cash for each month needed to operate your grant program. Be mindful of current FDIC maximum insured limits. Read the note at the bottom of this sheet.
6. **Salaries Schedule** – Enter employee title and name for each position. Under the heading “Other Funding” enter the time percentages and salary amounts for each position that is funded from other funding sources. At some point during the grant application cycle the Court will lock this sheet against further entry, meanwhile grantees may add columns in the section under the heading “Other Funding” as needed, and also rows as needed. If you are budgeting a position for a partial year specify the time period in parenthesis in the title field, e.g. *Administrative Assistant (Jan-Aug)*.
7. **OASI** – Enter nothing.
8. **Benefit Replacement Pay (BRP)** – Employees hired after 8/31/95 are ineligible for BRP. For eligible employees grantees may enter their total annual salary in the white rows of the schedule.
9. **Retirement Schedule** – Employees are now eligible for the retirement benefit on their first day of employment. The retirement rate may not exceed 9.50%. The default retirement base for each position is salaries plus BRP and longevity.
10. **Health Insurance** – **The current period of eligibility is after 60 days, FY 17 and forward, until state changes it.** Under the column heading

“Coverage” enter the coverage type for each employee, e.g. employee only, employee + one dependent, or employee + family. Enter the total monthly insurance premium and employee-only amount for each employee. **Note:** Insurance premiums *cannot* include dental or life insurance coverage. The remainder of the fields are automatically calculated.

11. Longevity – The Court allows longevity pay of up to \$20 per month for each 2 years of service. Grantees may elect to not pay for longevity in which case the white cells should be left blank. Otherwise, enter the length of service (*e.g. 5 yrs. 8 mos.*) at 9/1/18 and the monthly dollar amount for each employee who qualifies for longevity. In the event an employee's longevity is to increase during the year an additional row should be added to reflect the change. For example, say an employee's length of service is 5 years, 8 months on 9/1/18. They would be eligible for \$40 per month for 4 months (*Sept.-Dec.*) and \$60 per month for 8 months (*Jan.-Aug.*). The schedule will require two rows of information for that employee, one row for the \$40 rate, and another for the \$60 rate.

12. SUI – Enter the rate assigned by the state. The minimum rate assigned by the state is .29% which would be entered as .0029. Excel converts the number to a percentage automatically.

13. FUTA – Enter the federal rate required. The maximum rate is 6.2%, on salaries up to \$7,000 but may be reduced by the rate paid for Texas State Unemployment up to 5.4%. Note: 501(c)(3) grantees are exempt from FUTA and should leave the white area blank.

14. Worker's Compensation – This schedule is a little more involved because not all providers of worker's compensation insurance base their premiums on employee specific risks. Instead most are determined by classes or categories of employee positions, in which case all that needs to be entered is the estimated total worker's compensation premium for the entire staff in the yellow colored field. Excel will automatically calculate the grant percentage based on the percentage of grant salaries over total salaries. However, grantees may enter employee by employee salaries, premium basis, and rates assigned by the provider.

15. Administrative Travel - Staff, Board, and Committee - Meals – The maximum rate for meals is \$36.00 per day for staff, board, and committee (*except for the Texas Center for the Judiciary, Inc.*) In each field enter the estimated costs, rates, and formulas as needed. Add rows as needed. Make sure the totals at the bottom are correct.

16. Travel - Staff, Board, and Committee - Lodging – The maximum rate for lodging is limited to rates provided by the U.S General Services Administration as permitted by the Texas Comptroller of Public

Accounts (*except for the Texas Center for the Judiciary, Inc.*). The rates are exclusive of taxes. In each field enter the estimated costs, rates, and formulas as needed. Add rows as needed. Make sure the totals at the bottom are correct.

17. Travel - Staff, Board, and Committee - Transportation – The maximum mileage rate effective is \$.45 per mile for all grantees until further notice. In each field enter the estimated costs, rates, and formulas as needed. Add rows as needed. Make sure the totals at the bottom are correct.

Examples of such costs are phone, fax, copying, registration fees, and the cost of breaks for board and committee meetings. Include travel dates and events where applicable. Add rows as needed. Make sure the totals at the bottom are correct.

19. Capital Outlay – Capital items are defined as non-expendable property having a unit cost of \$1,000 or more and a useful life of 1 year or more. Enter a detailed description of each estimated capital acquisition. Unit costs must be provided. For example, the following would be an acceptable entry- *“ten (10) computer workstations including monitor, processor, speakers, keyboard, and mouse, at \$1,825 each for a total of \$18,250 to be purchased from Dell Computer.”*

20. Operating Expenses – Enter the estimated cost for each account by funding source. Enter a detailed description of each cost under the column titled- basis of estimated cost. For example, you may enter- *“estimated office supplies of \$5,000 based on current actual costs for FY 2019 of \$4,500 to date plus \$500 estimated through August.”* It is not adequate to enter something like- *“based on historical cost”*. Actual historical numbers must be entered or estimates based on mathematical formulas.

21. Direct Participant Training - Recap Schedule – Enter all data necessary, add rows and columns, and make any modifications necessary to ensure the accuracy of this sheet. The order of entries for this sheet and all other DPT sheets which are training event driven

should mirror the Schedule of Planned Courses sheet. The grand total of this sheet plus the total of the Publications/Video Production and Training Sponsored by Others sheets should equal the total of the DPT category in the Budget Recap sheet. This is also a good way to verify the accuracy of this sheet.

22. Direct Participant Training - Participant Meals – The maximum rate for participant meals is \$36.00 per day except for Appellate, District, and Statutory County Judges who are allowed actual and necessary rates up to a maximum of \$72.00 per day (*twice 2X state rates*). Add rows as needed. Make sure the totals at the bottom are correct.

B. File Names

The same file naming rule applies to all grantees. File names may not contain any other characters, symbols, numbers, or letters. The date at the end of the file name designates the version of the file being submitted. **Grant [Grant Year] [Grantee Acronym] [Base or All Funds Grant] [Date Submitted]**. For example, the following would be a valid file name: Grant 2019 TMCEC Base 617-19. The all funds inclusive version would be named Grant 2019 TMCEC All 6-17-19.
